

CHIAMAKA DIARA

Email: diarachiamaka28@gmail.com | **Phone:** +2349037509328 | **Location:** Nigeria.

Professional Summary:

Dedicated Frontend Developer with less than one year of experience designing and building responsive web applications using HTML, CSS, JavaScript, React, Tailwind CSS, and Bootstrap. Skilled at translating UI designs into functional, user-friendly interfaces with clean, maintainable code. Familiar with Git, GitHub, and modern development workflows, with experience deploying projects to Vercel and Netlify. Passionate about continuous learning, solving real-world problems, and contributing to collaborative development teams while growing as a software developer.

Core Competencies:

- **Technical Skills:** HTML5 | CSS3 | JavaScript (ES6+) | React.js | Tailwind CSS | Bootstrap | Responsive Web Design | Git & GitHub | Vite | REST APIs | npm | Visual Studio Code | Chrome DevTools | Vercel
- **Soft Skills:** Problem-Solving | Attention to Detail | Communication | Team Collaboration | Time Management | Adaptability | Continuous Learning | Critical Thinking | Creativity | Debugging | User-Centered Mindset | Organization

Experience:

Naija Impact Ltd | Lagos, Nigeria (Remote) | January 2026 – July 2026

Frontend Developer Intern

- Developed responsive and user-friendly interfaces for a volunteer and beneficiary management platform using HTML, CSS, JavaScript, and React.
- Built reusable React components to improve code maintainability and ensure a consistent user experience across the application.
- Collaborated with designers and fellow developers to implement UI designs that aligned with project requirements and accessibility best practices.
- Integrated REST APIs to display and manage volunteer and beneficiary information efficiently.
- Implemented responsive layouts to ensure the platform functioned seamlessly across desktop, tablet, and mobile devices.

- Participated in code reviews, debugging, and testing to identify and resolve frontend issues, improving application performance and reliability.
- Used Git and GitHub for version control, collaborating effectively within a team-based development workflow.
- Optimized application performance by reducing unnecessary re-renders and writing clean, maintainable code.
- Worked closely with the development team to deliver new features, fix bugs, and enhance the overall user experience.
- Contributed to the successful development and deployment of a web application that streamlined volunteer registration, beneficiary management, and program tracking for the empowerment club.

Certification:

Corif Tech | Lagos, Nigeria | 2026

TS Academy | Birmingham, United Kingdom (Remote) | 2025

TechyJaunt | Lagos, Nigeria | 2025

Education:

Bachelor of Science, Computer Science, Dennis Osadebay University (in view).
